

# Redesigned CEB Interface Enhances User Experience, Streamlines Research

*Search-forward design features cleaner look, delivers intuitive results*

**OAKLAND, Calif. (September 23, 2025)** — Continuing its commitment to provide California-specific legal research curated by carefully chosen experts, CEB today announces a redesigned interface to its OnLaw Pro platform that prioritizes the user experience and facilitates even more intuitive results. The refresh introduces a clean, modern interface with a central search bar, an all-in-one search results view and streamlined access to subscribed products. Together, these updates create a cleaner, more efficient experience that makes it easier for users to discover and leverage CEB’s authoritative content.

“Our overriding mission at CEB is to provide legal professionals with the most relevant California legal research they need, when they need it, through an entirely seamless process,” said CEB product manager Geoffrey Moore. “We are excited for our customers to experience what we believe is the most efficient and intuitive platform on the market.”

Key enhancements launching today include:

- **Redesigned home page:** A clean home page prominently featuring a search bar that serves as a familiar gateway to access all subscribed CEB content.
- **“All” search results:** A single search now surfaces the three most relevant results from each subscribed content type — Practitioner, Secondary Sources, Statutes, Cases, *DailyNews* — dynamically ranked for relevance.
- **Streamlined searching of Secondary Sources:** It is now even easier to search Secondary Sources to find the exact publication, eliminating time-consuming browsing and extra clicks. Users can also pin their most-used titles for quick access.
- **Upgraded Statutes and Cases pages:** Dedicated landing pages for Statutes and Cases with improved layout and navigation. This provides clearer access to primary law content for faster legal research.

“CEB has always stood apart for the quality and reliability of our California-specific legal content,” said Stephanie Walker, CEB’s head of product development. “With these enhancements, our users can get to the right answers faster than ever.”

CEB users are encouraged to reach out to their designated sales representative with any questions about the redesigned interface and for training. Not a CEB subscriber? Visit [our website](#) to request a free trial.
